(Affiliated to Tamilnadu Teachers Education University)  
Attoor post, Kanniyakumari District,  
Tamil Nadu-629177.

**Institutional Distinctiveness (2020-2021)**

## **Facilitating Professional Competency**

Guided by the principles of Gnana, Dharma, and Sneha, our institution is committed to achieve excellence in all academic endeavours. We aim to shape students into professionals who are not only academically proficient but also possess the right attitudes, ideals, values, and global standards. With a vision to cultivate a new generation of teachers, we continue to offer courses that provide rich experiences and equip students with both technological and interpersonal skills.

One distinguishing feature of our institution is its status as a recognized SWAYAM-NPTEL (National Programme on Technology Enhanced Learning) Local Chapter. Through this affiliation, our faculty members and students have access to technologically enhanced learning opportunities via the SWAYAM-NPTEL online portal. The portal allows for enrollment in various courses twice a year, providing our academic community with a platform for continuous learning and skill development. Faculty members serve as mentors, guiding students to excel in their chosen courses.

In the current academic year, numerous students have demonstrated exceptional performance, securing Gold medals, Silver rankings, Elite rankings, and other distinctions in various courses. The institution consistently witnesses a high demand for admissions due to its reputation for producing successful graduates. Furthermore, our students showcase their capabilities during campus interviews, and our alumni excel in diverse areas, including teaching roles in the schools where they are employed.
