Holistic Development through Pensive Dawn

The institution stands out by organizing various programs during the morning assembly to promote the holistic development of students. Diverse activities, including the College prayer, Trilingual News reading, 'Dinamorukural' (reciting one verse from Tirukural each day with interpretation), Vocabulary development, etc., are conducted to enhance students' overall growth.

In line with the college's mission as a linguistic minority institution, the morning assembly commences with the College prayer song in Malayalam, fostering religious tolerance and cultural diversity. News reading holds significance, as students present news in three languages - English, Tamil, and Malayalam. 'Dinamorukural' involves students reciting and interpreting a verse from Tirukural each day, contributing to their cultural and ethical understanding.

Vocabulary development is another vital activity in the morning assembly, where students learn and illustrate the usage of a new word each day. Additionally, 'Thought for the day' sessions are conducted, encouraging students to share thoughts on various themes. The morning assembly also acknowledges nationally significant days, with students organizing programs related to these themes. Birthday celebrations for students are incorporated into the morning assembly, adding a personal touch.

Through these diverse activities, the institution provides a comprehensive approach to enrich students' spiritual, moral, and cultural development, as well as their psychological, emotional, and social well-being.
